HOW TO FIND OUT.

Put a bottle of common water glass with urine and it will stand twenty-four hours; a sediment or settling indicates a diseased condition of the kidneys. When urine stands clear it is a positive evidence of kidney trouble. Frequent desire to urinate or pain in the back, is also convincing proof that the kidneys and bladder are out of order.

There is comfort in the knowledge often expressed, that Dr. Kilmor's Swamp-Root, the great kidney remedy, relieves every wish in relieving pain in the back, kidneys, liver, bladder and every part of the urinary passages. It gives inability to hold urine and bladder pain in the leg, it or had been following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to get up during the night for urination. It stands the highest for its wonderful results in the most distressing cases. It is a medicine you should have the best. Sold by druggists, grocers, and all dealers. For a full and complete description of Swamp-Root in its entirety, send your full post-office address to Dr. Kilmor & Co., Birmingham, N. C. The proprietors will send you a full and complete description of this medicine.

What We Inherit.

We are not to blame for. We cannot be held responsible for the diseases and tendencies which we derive from our ancestors, nor are we responsible for the diseases of disfigurement which manifest themselves in our blood as a heritage from former generations. But we are responsible if we allow these germs to develop into serious diseases which will impair our usefulness.

Our happiness and our health are responsible if we transmit to our descendants the disease germs which it is possible for us to eradicate by the use of Hood's Sarsaparilla, the one blood purifier. This medicine has the power to make pure the blood and establish perfect health in place of disease.

Winston Tobacco Manufacturers Will Fight the Senate Bill.

WINSTON, N. C., May 5.—Winston tobacco manufacturers are opposed to an increase of the tax on tobacco from 6 to 8 cents, as proposed in the new Senate bill. Taking

a course of Ayer's Pills the system is set in good working order and a man begins to feel that life is worth living. He who has become the gradual prey of constipation, does not realize the friction under which he labors, until the burden is lifted from him. Then his mountains sink into mole-hills, his moroseness gives place to jollity, he is a happy man again. If life does not seem worth living to you, you may take a very different view of it after taking

THE BAPTIST CONVENTION.

Held at Wilmington May 7th to 10th—An Epitome of the Work Done—One week's Session.

WILMINGTON, May 7.—The Southern Baptist convention convened in the Auditorium of the First church at 10 o'clock.

The President, Hon. Jonathan Haralson, of Alabama, called the body to order.

The enrollment of delegates was the first order of business, and according to the announcement of the secretaries, showed delegates present 721.

The election of President was the next business, and ex-Governor M. P. Haralson, of Georgia, was elected. The Secretary of the convention was authorized to cast the ballot of the convention for the nomination.

President Haralson said that he had been so pre-occupied that he had had no time to prepare his inaugural address. He expressed his appreciation of the honor.

Upon motion of Rev. G. W. Gardner, of Georgia, the present secretaries, Dr. Lansing Burrows, of Augusta, and Dr. O. F. Gregory, of Baltimore, were re-elected for the ensuing year.

Addresses of welcome were delivered with fitting responses, and the convention adjourned to meet at 3:30 p.m.

AFTERNOON SESSION.

The afternoon session was called to order by President Haralson. Secretary Burrows read the minutes of delegates enrolled since morning.

Secretary J. T. Tichenor made a report on home missions. The past year was the hardest in the history of the work and the appeals more frequent. The board has 372 missionaries, with 9,455 additions to churches this year. The report asked for \$100,000 for home missions next year, and says "we begin with a debt of \$8,000."

J. M. Frost read the report of the Sunday school board. The receipts were larger and more literature was issued than ever before. There are no liabilities. The board purchased a place of business in Nashville. The Bible department is enlarging. The board has had Bibles printed in which the good secretary has had the word "saint" omitted before the names of the writers (voices in audience said, "good").

The convention heard the report of the committee from the trustees of the seminary. There was eager breathless silence to hear. The report expressed congratulations on the part of Dr. Whitsett and a promise to withdraw statements made in Johnson's Encyclopedia, and assurance of his loyalty to the Baptists.

At the conclusion of the reading the convention arose and sang with zeal "How firm a foundation" while the first of fellowship was given. The board was shed as brethren embraced each other, nor did this demonstration cease until the president called the convention to order.

Secretary R. J. Williamson read the report on foreign missions. The indebtedness of the board last year was \$35,000. The usual work has been carried on and in addition the indebtedness has been reduced to \$13,000. This was aided in a few minutes and the entire indebtedness was liquidated. North Carolina gave \$1,100.

POLITICIANS NOT WANTED.

Sept. M. base Refuses to Make the Public Schools a Political Footing.

The State Superintendent of Public Instruction has taken a very commendable step in regard to the factional fights in the various colored Normal schools of the State. Having been solicited by several men to use his influence in getting them a position he has replied by telling them that he would not make any promise to support any special man in the State Normal schools of whom he knew nothing.

"The local board," he adds, "must select the teachers, but their selection must be subject to the State Board of Education. Let the very best men be selected for the schools regardless of politics. We want educators in the schools and not politicians."

plies have been transported to Domokos, on the heights of which the Greek batteries are prepared for action. The Turks have burned the village of Tattari, and have massacred a priest and an entire family in the village of Domokos.

Occupation of Volo.

ATHENS, May 8.—Edhem Pasha, the commander-in-chief of the Turkish army at Thessaly, has promised the foreign consuls who went from Volo to Velvestino to confer with him, that he will respect life and property at Volo if the commander of the Greek squadron off that place will agree not to fire at his army after its occupation of the town, and as a guarantee of his intention to keep this agreement will withdraw his fleet. This proposition on the part of Edhem Pasha has been accepted by the Greek commander.

The entire Greek army at Thessaly will be concentrated at Domokos.

FOR INSULTING SPAIN.

Entire Staff of a Mexican Paper Arrested on Complaint of Minister.

CITY OF MEXICO, May 6.—A sensational arrest was made today of the entire editorial staff of the paper called El Continente Americano, which is the organ of the Mexican sympathizers with the Cuban insurgents, at the instigation of the Duke de Azeos, the Spanish Minister, who complains that the paper has insulted a friendly nation.

The editors are young Mexican students, and popular sympathy is with them. The arrest is causing much comment, but it could not be helped, as the Spanish Minister presented formal complaint, and under the law, action had to be taken, but the outcome is watched with great interest. There will be no trouble in securing the ablest legal talent to defend the young editors.

THEY MAY GO TO JAIL.

Havemeyer and Seales to be Tried for Refusing to Answer Questions in a Senatorial Investigation, and if They are Found Guilty, Will Certainly Be Imprisoned.

NEW YORK, May 6.—Henry Havemeyer, the millionaire sugar king, and John C. Seales, the vice president of the sugar trust, have received a notice from Washington, which practically is an invitation to go to jail, and abide for a bit behind the bars in the common jail of the District of Columbia. They received the notice today from Attorney General Davis, of the District of Columbia, informing them they will have to put in an appearance on May 17, and be tried for contempt of the United States Senate.

These two distinguished millionaires do not seem to be a bit rattled over the prospect of a sojourn behind the bars, and all arrangements have been made for dwelling in luxurious comfort if the wielders of the law determine that they must go to jail. They intended to have their cells furnished in most modern style, and have arranged to get the cells upholstered, elegant furniture chosen, and telegraphic connection with the outside world made. Their meals are to come from the best butchering. But, notwithstanding this luxury, it will be "thirty days in jail" all the same, if their cases are decided as was that of the contumacious Senator, Chapman, and everything in Jefferson's course and writings show that if he were living that he would stand for the same practical reforms for which the Peoples party stands.

Point to Remember.

If you wish to purify your blood you should take a medicine which cures blood diseases. The record of cures by Hood's Sarsaparilla proves that this is the best medicine for the blood ever produced. Hood's Sarsaparilla cures the most stubborn cases and it is the medicine for you to take if your blood is impure.

Hood's Pills are the best after dinner pill; assist digestion, cure headache.

GREATER NEW YORK CHARTER.

Signed by Gov. Black, and Brooklyn Will Cease as a Separate City.

ALBANY, N. Y., May 5.—Gov. Black affixed his signature to the Greater New York charter today. The municipality is divided by the charter into five boroughs, Manhattan, Bronx, Brooklyn, Queens and Richmond, which are in turn each divided into ten council districts. The Mayor will be elected for four years, at a salary of \$15,000 per annum, instead of for two years at \$10,000, with this present. With the exception of the Mayor, who will be elected by popular vote, all municipal officers will be appointed by the Mayor.

Of course, Brooklyn and Long Island are no longer known on the map. Greater New York covers a territory 3591 square miles, 32 miles long, and 16 miles wide, with an estimated population of about 4,000,000, second in both respects only to London. The first Mayor will be elected November 2 next.

Mayor and City Council in Jail.

They Disobeyed the Orders of a Court and Were Committed for Contempt.

ALBANY, N. Y., May 5.—The Mayor and City Council are in jail and are likely to remain there. Judge Stull had them cited to appear for contempt and sent them to jail for disregarding the order.

The city attorney sought relief from the Supreme Court, which was denied. Judge Stull today offered to release the officials on bail, but they declined to give it. The trouble originated in an effort to open a street.

Murdered by Brigands.

CAMPANACCA, Mexico, May 8.—Jose Campanacca, the owner of the Hacienda of the State, Bay Toluca, and one of the Standard-bearers of Mexico, was attacked by a band of brigands and murdered yesterday. After the murder his body was robbed of a large sum of money.

Spring Catarrh.

Again spring is here. The long cold winter with its bluster and chill, has passed, and has left in its train innumerable victims of chronic catarrh. They have taken a great many remedies during the winter with perhaps temporary relief, but a fresh cold has brought on the old symptoms, and heartick and weary of trying, they have concluded that there can be no relief for them. This is a great mistake; and now is the time to rectify it.

The spring time is the most favorable time of the year to treat catarrh. There is not much less liability to take fresh cold that the treatment is unimpeded. All old cases of chronic catarrh should begin immediately a course of Peruna as directed in Dr. Hartman's books on this disease. There are so many different phases and stages of catarrh that one hardly knows when he has it. A great many people think they are suffering from something else and have tried many medicines in vain, when if they could realize that it is catarrh and take Peruna for it they would immediately and soon recover entirely.

All who desire to learn more of catarrh should send for a free copy of Dr. Hartman's latest work, which will be sent free by The Peruna Drug Manufacturing Company, Columbus, Ohio.

FIRE ON A STEAMSHIP.

It was discovered After the Vessel Had Put to Sea.—The Officers Endeavored to Prevent Excitement—Impossible to reach the Steamer Passengers and Crew Perish in the Flames.—Also Three of the Ship's Crew.

NEW YORK, May 9.—The Mallory Line steamer Leona, which left her pier last Saturday, bound for Galveston, took fire at sea, put back, and arrived in port Sunday night with sixteen corpses on board. The dead were thirteen steerage passengers and crew members of the crew, who succumbed to a terrible fire which occurred off the Delaware coast at an early hour this morning. The horror of the disaster is hardly to be told. Those who are dead were perished on below decks, and at last, action had to be taken, but the officers of the vessel to save them, the fire had gained such terrible headway before the danger was discovered that all escape was impossible.

The steamer carried in her cargo many bales of cotton. It is not certain how the fire originated, but when it was discovered it burst forth with such fury that it was impossible to reach the steamer. Even then the steerage passengers apparently were unmindful of the danger, and the smoke and flames had not reached them. The saloon passengers were first aroused, and in such a manner as to occasion little alarm. When it became apparent that the fire had cut off the steerage passengers the Captain and his men poured great quantities of water down the ventilator, and the most frantic efforts were made for the escape of those perished. In this way eight of the steerage passengers managed to escape.

From the reports of one of the passengers the Captain made an attempt to reach the steerage passengers but the flames had by that time reached his eyebrows and scorched his face.

WE CONGRATULATE THESE DEMOCRATS.

They Have the Courage to Apply the Principles of Jefferson to Present Conditions.

There has just been formed in New York City the Progressive Democratic League, and as another evidence of the trend of public sentiment we append section 3 of their declaration of principles.

"We believe that the sources of wealth which are natural or spring from population centering in one place, belong to the people and should not be held as instruments of private gain or profit. We, therefore, favor not only municipal ownership of all public franchises, but their actual operation and management by the municipal government."

The Peoples party is the only party that stands for these principles. It is the only party that has the courage to apply the principles of Jefferson to present conditions. Everything in Jefferson's course and writings show that if he were living that he would stand for the same practical reforms for which the Peoples party stands.

TENNESSEE'S GOVERNOR TO RESIGN.

Taylor's Intentions Announced to Friends and Great Sensation.

NASHVILLE, Tenn., May 9.—While Governor Taylor refuses to talk for publication concerning the reports that he has decided to resign, and that about October he will come to the Governor, it is known that he has decided, and that to-day he told several gentlemen that the reports are correct.

About October it is his intention to resign, and it is almost certain that he will again go upon the lecture platform.

The publication this morning of the story that Governor Taylor intended to resign created quite a sensation in political and other circles, though the Governor's intention was known to quite a number.

OMAHA MAYOR HOLDS THE FORT.

It Is Time Expired at Midnight, but He Will Not Surrender the Office.

OMAHA, Neb., May 9.—Mayor Brodach has a force of eleven picked policemen, under his command. Herpetroling the City Hall to-night. He refused to give up the office of Mayor at midnight to-night.

Mayor-elect Moore will make no effort to secure control of the office by force, and he will make no formal demand for possession of the rooms now occupied by the Mayor in the City Hall, and if refused will quietly establish an office elsewhere.

The new council is certain to recognize Moore as Mayor.

Varicose, NERVOUS DEBILITY, Night Losses.

DISEASES should write to me for advice. I have been a close student for many years of the subject of weakness in men. The fact is, I was a sufferer myself. Too bashful to seek the aid of older men or regular physicians, I investigated the subject deeply and discovered a simple, but most remarkable and permanent remedy that completely cured me, and fully developed me from a sunken, stunted condition to natural strength and size.

I want every young or old man to know about it. I take a personal interest in such cases and no one need hesitate to write me as all communications are held strictly confidential. I send full information of this remedy absolutely free of cost. Do not put it off, but write me fully at once. You will enjoy the day you did so. Address: THOMAS SLATER, Box 975, Kalamazoo, Mich. THE CAUCASIAN, RALEIGH, N. C.

THE PEOPLES PAPER.

THE CAUCASIAN

THE CAUCASIAN

The leading Reform Paper of North Carolina, a champion of popular rights and honest government.

PROSPECTUS FOR 1897.

A corps of able contributors and special correspondents will be employed. Every department will be improved and new ones added.

The great battle of the people against plutocrats, of the masses against the classes, is on. It will never end till the people triumph and the cause of justice is fully established.

During the year 1897, THE CAUCASIAN will stand in the forefront of the battle. In arousing and educating the people, in advocating the principles of the reform movement, in exposing fraud and corruption THE CAUCASIAN will be vigorous, fearless and uncompromising.

The principal features for the paper for the coming year may be outlined as follows:

Political News.

Special attention will be devoted to political news. All important events in the progress or decline of parties in the United States will be chronicled. Special attention will be taken to keep the readers of THE CAUCASIAN fully informed on political events that transpire in our own State. We will give when possible the news that the partisan papers suppress.

State Legislative Reports.

THE GENERAL ASSEMBLY OF NORTH CAROLINA will be in session in January and the people will be informed of the work of that body. THE CAUCASIAN will present its readers with a full and non-partisan report of its proceedings and will not suppress the truth.

United States Congress.

THE CAUCASIAN has secured the services of one of the foremost writers, and he will send weekly letters containing all the interesting news of the Congress. In addition Senator Butler will contribute weekly articles besides editorials, thus making our Congressional report full and interesting.

Letters From the People.

Subscribers will have an opportunity to exchange information and opinions on all topics of interest through short letters published under this head.

World's News in Brief.

Under this head every week we will give you the cream of the news. We give you each week a brief compact and clear statement of what has occurred in the world since our last issue.

The Alliance Department.

This department has been to a great extent lost sight of rather through our Alliance brethren than our own, and we trust, that all Sub-Alliances will send such news and suggestions regarding Alliance work and programs for Alliance meetings as will prove of interest to all Alliance men. Send us reports from your county and sub-Alliances for this column.

Discussions of the Issues.

Money, transportation, taxation, land and other important live issues will be discussed both editorially and by contributors. The paper will be made a forum for the advocacy of reform ideas, and the demands of the Alliance.

Farmer's Column.

We invite every practical farmer to write for this column. Tell your experience, your successes and failures so the remainder of our readers can benefit by it. This is a grand opportunity for farmers to exchange ideas with each other.

Women's Column and Pattern Department.

We desire to make this an especially interesting department. We invite the ladies to the use of this column by exchanging ideas and experience in household matters. We have made arrangements with an old and reliable pattern house, whose styles are universally adopted by well-dressed people everywhere, by which we are offering to all our readers the latest and most fashionable patterns at a nominal price. When purchased in the regular way, these patterns cost from twenty cents to fifty cents apiece, consequently our offer makes every copy of this paper worth that amount extra.

Advertising.

THE CAUCASIAN desires to handle the advertisements of only first-class business firms and we intend to keep out all "fakes" advertisements—those that protect our readers and honest advertisers alike. We believe that the only way for us to make money by advertising is to make money for those with whom we deal, and we can do this because we have a large and progressive paper.

If you think advertising is simply a matter of sticking in ANY paper a few lines of old poster type or a few figures, we should prefer not to be consulted until you learn that this is a mistake. Advertising is a science.

An advertisement should be written carefully and studied so as to catch the public eye and then be run in a paper that will carry your advertisement to the homes and firesides of the people who will be your customers. It is throwing away money to advertise in a paper that does not reach the masses, and therefore you pay your money but do not talk to the people. Upon application we will send you a card stating our rates.

One Dollar Per Year Only.

Just think of it! less than 2 cents a week! You cannot afford to be without THE CAUCASIAN. If you can't spare a dollar just now, send 50 cents and get it for 6 months. We know if you read the paper you will never be without it again.

Address,
